Look Out Any Window

Bruce Hornsby

There's a man working in a field Sees the rain and it's burning He's saying this can't be real As he sees the color Of the fields turning

Far away, the men too busy Getting rich to care Close their eyes and Let it all out into the air Hoping nobody else would care

Look out any window Look out any open door Look out any window To see what's going on In the air around you

There's a man working on a boat Pulling lines from the water Just trying to stay afloat, ohh Filling the nets is getting harder

Far away, they bend The rules so secretly Close their eyes and Let it all out into the sea Hoping nobody else would see

Look out any window Look out any open door Look out any window To see what's going on In the air around you

Far away, too many leaders Let them get their way Close their eyes and Let it all out into the bay Say they'll clear it up another day

Look out any window Look out any open door Look out any window To see that's going on In the air around you

(Look out) Look out for the big boys Telling you everything They're gonna do

(Look out) Look out for the fat cat builder man Turning this into a waste land

(Look out)

Look out for the back room boys That say the smoke is gonna blow away

(Look out) Look out for the men Who say it's okay sitting In a building far away
