

Fate

Bruce Kulick

Get up, roll 'em out, let 'em have it, shout it out
Work hard, stay on guard, keep your chin up, you're a star
Sit straight, never late, love / hate, checkmate
Sunshine, primetime, now I think I'm going blind

You thrill me, fulfill me,
You use me, got to choose me

I'll still fly with or without you
I can't be erased
I won't walk in anyone's shadow
Gonna play the hand of fate

Rock hard, bodyguard, laser beam, war machine
What a shame, it's a crime, colorblind, I'm paralyzed
Hardcore, what's the score, get me off, gimme more
Breakup, makeup, plug me in, turn me up

You feed me, you need me
You confuse me, you can't refuse me

I'll still fly with or without you
I can't be erased
I won't walk in anyone's shadow
Gonna play the hand of fate

You thrill me, fulfill me,
You use me, got to choose me

I'll still fly with or without you
I can't be erased
I won't walk in anyone's shadow
Gonna play the hand of fate
