

# All The Way Home

Bruce Springsteen

I know what it's like to have failed baby  
With the whole world lookin' on  
I know what it's like to have soared  
And come crashin' like a drunk on a bar room floor

Now you got no reason to trust me  
My confidence is a little rusty  
But if you don't feel like bein' alone  
Baby I could walk you all the way home

Well now our old fears and failures  
Baby they do linger  
Like the shadow of that ring  
That was on your finger  
Those days they've come and gone  
Baby I could walk you all the way home

Love leaves nothin' but shadows and vapor  
We go on, as is our sad nature  
Now it's some old Stones' song the band is trashin'  
If you feel like dancin', baby I'm askin'

It's comin' on closing time  
Bartender he's ringin' last call  
These days I don't stand on pride  
And I ain't afraid to take a fall  
So if you're seein' what you like  
Maybe your first choice, he's gone  
Well that's all right  
Baby I could walk you all the way home  
Baby I could walk you all the way home
