

Blood Brothers

Bruce Springsteen

1. Once we were kids playin' king of the mountain on the end
World came chargin' up the hill, and we were women and we were men
Yeah we stood by each others side each one fightin' for the other
and we swore until we died we'd always be blood brothers
2. Now the hardness of the world slowly grinds your world away
Makin' nothin' but a fool's joke out of promises made
It's a long and dirty ride, and there ain't much cover
No one runnin' by your side my blood, my blood brother
- R: Through the houses of the dead past those fallen in their tracks
Always movin' ahead and never lookin' back
3. Now the moons dirty light shines 'cross the highway unfurled
and this love burns inside me like the last light in the world
and the night is shinin' bright like some mystery uncovered
I'll keep movin' through the dark with you in my heart my blood brother
