

# Leap Of Faith

Bruce Springsteen

All over the world the rain was pourin'  
I was scratchin' where it itched  
Oh heartbreak and despair got nothing but boring  
So I grabbed you baby like a wild pitch

It takes a leap of faith to get things going  
It takes a leap of faith you gotta show some guts  
It takes a leap of faith to get things going, yeah  
In your heart well, you must trust

Now your legs were heaven your breasts were the altar  
Your body was the holy land  
You shouted jump but my heart faltered  
You laughed and said "Baby don't you understand?"

It takes a leap of faith to get things going  
It takes a leap of faith you gotta show some guts  
It takes a leap of faith to get things going, yeah  
In your heart well, you must trust

Now you were the Red Sea I was Moses  
I kissed you and slipped into a bed of roses  
The waters parted and love rushed inside  
I was Jesus' yeah, son sanctified

Tonight the moon's looking young but I'm feeling younger  
'Neath a veil of dreams sweet blessings rain  
Honey I can feel the first breeze of summer  
And in your love I'm born again

It takes a leap of faith to get things going  
It takes a leap of faith you gotta show some guts  
It takes a leap of faith to get things going, yeah  
In your heart well, you must trust
