

My Love Will Not Let You Down

Bruce Springsteen

t night I go to bed but I just can't sleep
I got something runnin' around my head ooh that just won't keep
In the silence I hear my heart beatin' time slippin' away
I got a time bomb tickin' deep inside of me girl all I want to
say
I keep searchin' for you darlin' searchin everywhere I go
And when I find you there's gonna be just one thing that you go
tta know
One thing you gotta know

My love, love, love, love, love, love will not let you down
My love, love, love, love, love, love will not let you down

At night I walk the streets lookin' for romance
But I always end up stumblin' in a half trance
I search for a connection in some new eyes
That hardly protect you from too many dreams passed by
I see you standin, across the room watchin' me without a sound
I'm gonna push my way through that crowd I'm gonna tear your ho
ly walls down
Tear all your walls down

My love, love, love, love, love, love will not let you down
My love, love, love, love, love, love will not let you down
My love, love, love, love, love, love will not let you down
My love, love, love, love, love, love will not let you down

Well hold still now darlin' hold still for God's sake
Cause I got me a promise I ain't afraid to make
I ain't afraid to make

My love, love, love, love, love, love will not let you down
My love, love, love, love, love, love will not let you down
