

Radio Nowhere

Bruce Springsteen

1. I was trying to find a way home,
but all I heard was a drone.
Bouncin' off a satellite
crushing the last long American night.

R1: This is radio nowhere.
Is there anybody alive out there?
This is radio nowhere.
Is there anybody alive out there?

2. I was sitting around a dirt dial
Just another lost number in a file.
Been in some kinda dark cove
Just searching for a world with some soul.

R1: This is radio...

*: I just wanna hear some rhythm.
I just wanna hear some rhythm.
I just wanna hear some rhythm.
I just wanna hear some rhythm.

3. I want a thousand guitars.
I want pounding drums.
I want a million different voices speaking in tongues.

R2: This is radio nowhere.
Is there anybody alive out there?
This is radio nowhere.
Is there anybody alive out there?
Is there anybody alive out there?

4. I was driving through the misty rain
Yeah, searching for a mystery train.
Bopping through the wild blue,
Trying to make connection with you.

R2: This is radio...
