

Rest Of My Life

Bruno Mars

Everyday I wake up next to an angel,
more beautiful than words could say.
They said it wouldn't work but what do they know, cuz here's the
past and we're still here today.

Never in my dreams did I think
that this would happen to me.
As I stand here before a woman,
I can't fight back the tears in my eyes.

Oh how could I be so lucky,
I must have done something right.

And I promised to love her,
for the rest of my life...
Seems like yesterday when she first said hello. Funny how time
flies when you're in love.
It took us a lifetime to find each other.
It was worth the wait cuz I finally found the one.

Never in my dreams did I think
that this would happen to me.
As I stand here before a woman,
I can't fight back the tears in my eyes.

Oh how could I have been so lucky,
I must have done something right.
And I promised to love her for the rest of my life...
