

## Aryan Child

### Brutal Attack

Child awake now for your Mother she does call,  
And you must suckle, at the breast for you to grow.  
Untouched by blind faith, you so fair and white,  
Your Mother she loves you, gave birth to you future  
light.

So wake from your bed, and raise your head  
Aryan child, listen to what is said  
So rise your hand and learn to love your land  
For the white revolution needs your uncorrupted hand.

The miracle of life is in you and when you grow,  
Your parents will guide you, keep you on the straight &  
narrow  
White pride & truth is all that you will hear,  
So when you grow you'll fight for your nations needs

Child awake now for your lands been robbed & sold,  
By men of high finance, the truth you must be told.  
What your ancestors fought for, sacrifice untold,  
Has all been stolen by bankers of the Jewish fold.

Now Aryan Child the map is set out right,  
The best it will be done for you, but its only a  
guiding light  
Gather your wits and the youth within your fold,  
so you'll achieve victory for Valhalla & the glory it  
holds

Innocent are your life has only just begun,  
But you will live to see the new dawn the rising sun.  
Those spirits above Odin he watches you now  
For when the sun rises to Valhalla you will go.
