

## Choice Of A New Generation

### Brutal Truth

Reformation at hand  
Our time to stand  
Misconceptions are a thing of the past  
Enslaved minds give birth to a new generation  
Your generation

The myth, a fiction of what you will believe  
Lies, corruption, financial catastrophe

Legality, the only way

Progressive hemp-minded, call for legality  
Ignorant and fearful, rejecting on 13  
Their foolish lies will break our backs beyond humanity

Legality the only way
