

## Denial Of Existence

**Brutal Truth**

Spreading.  
Across out land.  
Infecting breeding grounds.  
Never to leave our hated soil.

Dying.  
Hope is gone.  
Right wing oppression.  
Sentence us far beyond.

Submit - your fooled existence must now cease.  
Torment - ignorant fools deny it's presence.  
Eternal - condemned to back pages of mankind.  
Nevermore - no one cares who lives or dies.

Denial of existence.  
Existence.

Eternal - condemned to back pages of mankind.  
Nevermore - no one cares who lives or dies.

Denial of existence.  
Man.
