

Drawing.  
From the truth.  
Innocent few cast their chip in.  
Praying.  
Count accounts.  
Believe in something for a price.  
Cop-out.  
Broken dreams.  
Deceiving more - you've raped their heart and soul.

Capitalize - false gimmick for the weak and needy.  
Blind angel - the shortest distance from the truth.  
Rotted minds - believe your loaded lot of shit.  
Forgotten few - sorry victims of divine crimes pay their lives.

You're faceless.  
Beyond crimes - you've taken on a new level.  
Hatred.  
More spite...than any other.  
Gutless.  
Gutting victims, hollow shells, empty lives.  
Lifeless lives.
