I oughta' be sleepin' steada' stayin' up late.

G C D Emi C(add9)

When I oughta' be doin' all things I should do, I think about you

I oughta' be writin' but I can't find a song.

Just sittin' here driftin' driftin' along.

There's only one thing that I wanna' do, and that's think about you

D G C(add9)

R: I think about you, I can't get no rest.

I think about you, there ain't no one else.

It's all I can do, I can't help myself, yeah, I think about you

2. I could go cruisin' but I've had enough.

I could go drinkin' but I can't stand the stuff.

It just don't do me like it used to do, I'd rather think about you

R: I think about you...

R: I think about you, I can't get no rest.

I think about you, there ain't no one else.

It's all I can do, I can't help myself, yeah, I think about you.

I think about you, I can't get no rest.

I think about you, there ain't no one else.

It's all I can do, I can't help myself, yeah, I think about you..
