

# I Want It All

Bryan Adams

I don't need no million dollars  
- just need a couple of bucks  
Don't need no life insurance -  
I just need a little luck  
I don't care if the sun don't  
Shine - as long as it don't rain all week  
And I don't care if I don't reach  
The top - but when it comes to you and me ... oh ya

I don't need a piece of your heart  
Oh ya - I'm in need of every part  
I want it all - I want it all  
I want everything you got  
I don't need a piece of your heart  
I want it all

I don't wanna go through no long  
Good-bye's - I don't mind being apart  
I don't need no fancy car - as  
Long as we can make it start...oh ya

I don't need a piece of your heart  
Oh ya - I'm need of every part  
I want it all - I want it all  
I want everything you got  
I don't need a piece of your heart  
I want it all  
So'ill sister come to me - put  
Everything in harmony - irie!.
