

One World, One Flame

Bryan Adams

One world, one flame
And it's burnin' inside you
One heart, one dream
It'll be there beside you
In your finest hour

Come rain, come shine
This is your story
It's yours and mine
On the road to glory
In your darkest hour
Dig deep and feel the power
Cuz you're doin' it your way
(doin' it your way)
One world, one flame (2x)

One world, one flame
To burn the brightest
One heart, one dream
To climb the highest
In your finest hour
Dig deep and feel the power
Cuz you're doin' it your way
(doin' it your way)
One world, one flame - ya

One world, one flame
And it's burnin' inside you
One heart, one dream - ya
Ya, it's burnin' inside you
One world, one flame
It'll be there beside you
One world, one flame
