Open Road

Bryan Adams

I'm sitting at the wheel I got a green light Not afraid of nothin' 'cause heart and soul I'm built for life So let the engine roar Push the pedal down I want the white lines on the highway To lead me out of town I'm rolling on and on and on Who knows where i'm goin'? Life is an open road - it's the best story never told It's an endless sky - it's the deepest sea Life is an open road to me Life is an open road to me I got headlights To guide me tru the night I got the window down and the radio playing It makes me feel alive
