

# The Right Place

Bryan Adams

If it's loving that you want - then it's loving you'll receive  
Then you've come to the right place baby  
If the door is always open - if you need some company  
Yeah you've come to the right place baby

Heaven knows I can't read your mind  
We can turn it around darlin' one step at a time  
Angel, oh angel can't you see  
I can't live without you  
Oh baby won't you help me please

When there's no one left to trust  
Well I think you'll agree  
That you've come to the right place baby  
When you're down on your luck  
Yeah just look around and you'll see  
That you've come to the right place baby

Sometimes you don't know what you've got - 'til it's gone  
But then you look around - and it was right there all along  
Angel, yeah you gotta understand  
I don't want be without you - oh won't you help me if you can

I ain't asking for the world - I just want you to believe  
That you've come to the right place baby  
When there's no one else to hold you  
Well I'll be there yes indeed

Well you've come to the right place  
Yes you've come to the right place  
Well you've come to the right place  
You've come to the right place baby
