

Bryan's Hymn (when I Turn To You)

Bryan Duncan

When I turn to You
You are always waiting
With a heart that understands before I speak
And I learn from You
All that really matters
Though a million years go by You'll still love me
I no longer look for a place to hide
Cause I know where I belong
When I turn to You
When I turn to You
When I turn to You, dear Lord
I know that I love You
When I turn to You
You are watching over me
Through eyes that look beyond the faults I see
And I learn from You
You are always merciful
Though I remember all that You've forgiven me
I no longer look for a place to hide
Cause I know where I belong
When I turn to You
When I turn to You
When I turn to You, dear Lord
I know that I love You
