

I'd Like To Thank You Jesus

Bryan Duncan

Oh! come on now!

I'd like to thank you Jesus for everything you've done for me
But I'm sure I won't have the time for all the good things come
to mind

So for now we'll start with one and then we'll see

I'd like to thank you Jesus for one thing you've done for me
When I give you full control

Then you give me back my soul

And you stir in me a song and let me sing

Ahh well that ain't bad, but I think we're just scratchin' the
surface

'Cause when you make the Lord your king

There's always one more thing

That you can thank him for

I'd like to thank you Jesus for one thing you've done for me

You wash my sins away

They need washin' every day

And it's by your love and grace you keep me clean

Now give me a little time out lord

Let me just pull my thoughts together...

(horns)

I'd like to thank you Jesus for one thing you've done for me

It's just one thing at a time, all the good things come to mind
Stir in me a song and let me sing...

(bridge) One thing.... thank you for... one thing.... thank you
for....one thing

(testimonies)

*I'd like to thank you Jesus for one thing you've done for me

When I thought all love was lost

'Cause I forgot to count the cost

Well you sacrificed and payed the price for me

*I'd like to thank you Jesus for one thing you've done for me

Your glory fills the sky

And I praise your name on high

It's you oh lord we praise and magnify

*I'd like to thank you Jesus for one thing you've done for me

I was once prepared to die

At the time I still wondered why

But you changed the time and gave back my life

*I'd
