

# Inside Out

Bryan Duncan

Love untainted, always turns around  
(Floating on emotion)  
Pure inside, but they say it can't be found  
(Not without devotion)  
Platitudes in practice contaminate us all  
I don't need an empty sermon  
Some plaque upon the wall  
I need a heart turned inside out  
(Inside out)  
A miracle revival of love without a doubt  
(Without a doubt)  
I need a heart turned inside out  
(Inside out)  
Oh, love above a whisper, heard above a shout  
(Hey, yeah, yeah)  
I need a heart turned inside out  
(Turned inside out)  
Yeah, inside out, or maybe upside down  
Truly right side up  
I need a total transformation  
(Oh, I need a heart turned inside out)  
Love unchanging, divinely black and white  
(Surrounded by illusion)  
Stand aside, I'm gonna walk by more than sight  
(Or drown in my confusion)  
Replace my dull affection, and I'll humbly stand in awe  
Above a temporal feeling, above the letter of the law  
I need a heart turned inside out  
(Inside out)  
A miracle revival of love without a doubt  
(Without a doubt)  
I need a heart turned inside out  
(Inside out)  
Love above a whisper, heard above a shout  
(Hey, yeah, yeah)  
I need a heart turned inside out  
(Turned inside out)  
Oh, yeah, inside out, or maybe upside down  
Truly right side up  
Eternal love will take a turn about  
Take my heart and turn it inside out  
(Inside out)  
A cycle set in motion  
By a tiny seed of doubt  
To a cynical explosion  
That's gonna wring my feelings out  
Hold a feeble hand to Jesus  
To rekindle my desire  
You're the only hope I've got  
To set this wilderness on fire  
I need a heart turned inside out  
(Inside out)  
A miracle revival of love wi
