

## New Town

Bryan Ferry

New town  
There's a place  
A mad affair  
In a new world  
Heaven sent  
A life that's made for us  
Out of luck  
Out of touch  
Out of love  
No concrete jungle  
Dancing feet  
Cul-de-sac of desire  
Is in itself  
Destroying me  
I've got to live it down  
Don't want to dwell in history  
That's why I'm leaving now  
New town  
There's a place  
To do or die  
In a new world  
Heaven sent  
A life that's made for us  
Out of luck  
Out of touch  
Out of love  
No laughing boys  
Forbidden dreams  
No willow weep  
For me now  
The shadow hanging over me  
I've got to tear it down  
New town - calling me
