

Stone Woman

Bryan Ferry

What do you find on the street tonight? - nothing
It's a river of no return
Diamonds they're your only friend tonight
Break the mirror and bang the drum
Let's be cool about it
Oh we're cool about it now
Stone woman - the pain is gone
And the pleasure is yet to come
What do you see on the street tonight - nothing
But another heartbreak hotel
Stranger - you're the only friend tonight
Pick a number and ring the bell
Let's be cool about it
Oh we're cool about it now
Stone woman - the pain is gone
And the pleasure has just begun
