

## Taxi

Bryan Ferry

Taxi!  
Take me to the other side of town  
Just as fast you can  
Taxi!  
Before my baby puts me down  
Now please, won't you hurry  
See, she's got me worried  
Don't want to lose her love  
Cross town is too slow  
Hitchhike into no no  
She's all I'm thinking of.  
Taxi!  
Got some catching up to do  
Taxi!  
Like a fool I broke her heart in two  
And start your meter running  
Get your engine humming  
Just wanna see her  
Just wanna see her  
Get along the meddle  
Tonight I'm gonna settle  
Had a seizure  
And I know it grieves her  
Taxi!  
Take me to my baby's place just as fast you can  
Taxi!  
You got to get me there on time  
Freeway will be quicker  
No man's gonna get her  
I'm going out of my mind  
She is why I'm living  
This is why I'm willing  
Jumping red lights, stop signs  
Just get me there on time.
