

The Only Face

Bryan Ferry

Havana moon
You got me in strangest mood
Just me myself, no one else
Ever be so blue

No backstreet woman
No grand hotel
The only face, out of place
An empty shell

I wanna be alone
Me myself, no one else
I wanna be alone

Havana moon
Nobody know me like you do
Nowhere to turn, never learn
I can't break through

No backstreet woman
No grand hotel
The only face, out of place
An empty shell

I wanna be alone
Me myself, no one else
I wanna be alone

You make me nervous
Your telephone
You drive me crazy
I wanna be alone

I wanna be alone
Me myself, no one else
I wanna be alone
