

# Water

Brygada Kryzys

Early in the morning I'm sitting alone  
everything is so calm  
water is freezing my feet  
yet I can feel the heat to come

see the sun  
see the sun rising  
above the see  
above the water  
above the see  
above the water  
above the see  
above the water  
above the see  
above the waves  
going up  
coming down  
going up

coming down  
going up  
coming down  
going up  
coming down  
early in the morning I'm walking alone  
everything is so calm  
water is freezing my feet  
yet I can feel the heat to come  
see the sun

see the sun rising  
above the see  
above the water  
above the see  
above the water  
above the see

above the water  
above the see  
above the waves  
going up  
coming down  
going up  
coming down

going up  
coming down  
going up  
coming down  
down..  
you can be the one  
you can be the one  
you can be the one  
walking.....  
on the water
