

What to do to be true

Brygada Kryzys

We never loose our heads
always know what to do
no we never loose our heads
always know what to do to be true
tonight we fly away
from every day by day
pass through the walls and hide behind
till we find it's all over
but we never loose our heads
always know what to do
no we never loose our heads
always know what to do to be true
tonight we fly away
we've got a lot to say
pass through the veils to find the clue
till we find the night is over
but we never loose our heads
always know what to do
no we never loose our heads
always know what to do to be true
