

## In Check

Bryson Tiller

Yeah, when

When I look you in your face  
I see a good girl who deserves better than me (better than me)  
You remember that other night in my bedroom? On top of my bed  
I remember the things that you said

Sometimes I forget  
Sometimes you gotta put me in check, ayy  
In check, yeah, in check, yeah  
In check, yeah, in check, yeah

Hollywood, set back  
3 hours, I'm jet-lagged  
Still tryna lay up with somethin'  
Can't believe I just said that  
Album, overdue  
You would find it hard to focus too  
If you met the women I have  
Hard not to get side tracked, oh woah  
Hey, don't know where my mind at  
Hoping you can help find that  
I wish I could rewind back (I love you)  
Way back so you could put me  
Put me in check, yeah, in check, yeah  
What did I do to you?  
Made a fool of you  
I know they told you I'd never be true to you  
I'm losing you, losing you  
I miss you in my bedroom, on top of my bed  
How could I forget what you said?

Sometimes I forget  
And sometimes you gotta put me in check, ayy  
In check, yeah, in check, yeah  
In check, yeah, in check, yeah

Baby, no  
Baby, no, no
