If your head is like a keg, chillin ice cold with no tap

Five shows with no nap, I'll sleep when I in the dirt

Ain't tryin to party with you industry faggots I come to work

Emergin from the hurt, that life was and still will be

Took a shower at the dungeon, dried off and was still filthy

These bitches will feel me, I promise just bein honest

Its like it's '93 again, got that heat for them premadonnas

Wide eyed in the booth, this goes beyond politics

In other words keep that pussy, I already got a bitch And I'm pledgin not switch from authentic to counterfeit 'cause when it comes to that raw, y'all hit it I found the shit And I wont speak in the dungeon, till it's hardway on the wall In the name of Bubba Sparxx, shit ain't even fair for y'all
