

# Represent

Bubba Sparxxx

I'm supposed to represent

I'm too motherfuckin raw to be all, worried if these broads, is fuckin with me

Y'all can suck my right and left nut with the same slurp  
Nomore of the fames perks, I'm back in LeGrange hurt  
Can't work, same dirt I thought I had wiped off  
The same jerk that used to jerk Paul now he's my boss  
Lonely if I lost, my light on the pathway  
Nomore Bubba K., just as white as a trash day  
Say you can take the boy out of the country  
But can't take the country out the boy, even with money  
I believe it was funny, I was deceptively burning  
At the Four Seasons, all four seasons with Sunny  
But I'll be just fine, the grind's in my bloodline  
It's what's in your guts time, baby I'm one rhyme  
From being what that man paid me to be  
Wasn't no concrete but I was raised by the streets

It's your turn, you supposed to represent  
Do yo thang, you supposed to represent  
Stop Playin', you supposed to represent  
It's only right, you supposed to represent  
It's your turn, you supposed to represent  
Do yo thang, you supposed to represent  
Stop Playin', you supposed to represent  
Not only get money, you supposed to represent

Sometimes you gotta lose yourself to find out where you really are  
Let the cut burn then you know you earned it when it scars  
I been a star, my name rang bells  
But it means not a thing if it can't bring sales  
If you ain't seen hell you should get a load of this  
Just a dose of hopelessness while you sip your Mo and Cris  
If I ain't on your list, shit you can't win them all  
But until he died, most of y'all ain't fuck wit Biggie Smalls  
Atleast south of D.C. and west of Pittsbrug  
That points, they don't know you 'til you resting in dirt  
If resting is sure, a loser isn't sexiness  
So make me the deadliest, MC I guess it just  
Wasn't meant that I be mentioned with the greatest spittin then  
Lord atleast let me get it up and pay the rent again  
You may intend to win but my alternative's  
The coffin or the furnacing, talking more determinant

What, you think I'm scared, you think I'm a pussy?  
Really now, how far did you think you can push me?  
Before I snap, just like that and bust back  
Fear, he don't live around here, what's that?  
What, you think I'm scared, you think I'm a pussy?  
Really now, how far did you think you can push me?

Before I snap, just like that and bust back  
Fear, he don't live around here, what's that?

Just stack, get your mind right and get your cheddar better  
Volcano gone erupt, it won't lay at rest forever  
Every level of the game, these country boys gettin to it  
Nothin but your lips is movin, Hush you body shit and do it  
I been knew it, you don't wanna jump bad  
Hatin escalates and you don't want it to become that  
I'm from that, dying breed of white MC  
That knows what it's like to be told it ain't right to be  
Rappin, now adapting just so happens it's the thing now  
To get a cracker on your roster since Marshall came out  
I can't explain how, vital time it is  
Even now I wouldn't exchange our lives, mine for his  
Like this
