## Bubbles

We don't find them to bang bomb boom  
When love and choice mean to bang bomb boom  
Why, while were leaving the band can move  
Well leaving tall well to evil evil too  
We don't find them to bang bomb boom  
When love and choice mean to bang bomb boom  
Why, while were leaving the band can move  
Well leaving tall well to evil evil too  
Whoa

Freedom find them the rain mine boom  
With love and choice lead to bang bomb boom  
Why while were leaving the band can move  
Well leaving tall well to evil evil too  
While were leaving it's round too round  
And shrivel me, to the deutchland band  
And leave me dancing too round round round  
Means I get to get the play the beats
