

Crazy

Bubbles

I can't fight it I can't hide it
You drive me crazy
I can't fight it I can't hide it
You drive me crazy
Can't stop thinking 'bout you all the time
I got oh o oh o oh
Crazy little thing called love
Cant stop wanting you to hold me tight
I got oh o oh o oh
Crazy little thing called love
How do I look what should I wear
Its gonna take an hour just to fix my hair
We're meeting up tonight so I gotta get it right then maybe... oh yeah
Teenage loving. the very first time.
Try to explain. It's going out of my mind
Hit me out of the blue, now all I wanna do is to
Be with you
Work it out don't know what I'm feeling
All about rockin'and reelin' (rockin' and reelin')

I can't fight it I can't hide it
Knocked me off my feet and s I'm so excited
Can't stop thinking 'bout you all the time
I got oh o oh o oh
Crazy little thing called love

Now I can't eat and I can't sleep
I don't listen up to the people I meet
Its so hard to believe that it can happen to me
When you came along
Turn out the light, the heat is on
You asked me to dance, my cool is gone
I'm coming to pieces,
It aint so easy
When you're talking to me

I can't fight it I can't hide it
Knocked me off my feet and s I'm so excited
Can't stop thinking 'bout you all the time
I got oh o oh o oh
Crazy little thing called love

I can't fight it I can't hide it
You drive me crazy
I can't fight it I can't hide it
You drive me crazy
I can't fight it I can't hide it
Knocked me off my feet and s I'm so excited
Can't stop thinking 'bout you - drive me crazy
Crazy little thing called love

I can't fight it I can't hide it
Knocked me off my feet and s I'm so excited
Can't stop thinking 'bout you all the time
I got oh o oh o oh
Crazy little thing called love
