

Across This Town And Gone

Buck Owens

It's time to leave so let me go I've just been wasting time
I'll call you in a year or so if I can spare a dime
We couldn't change the bad to good the good Lord knows we tried
And a one way love just ain't no good and I can't live a lie
So I'll just hit the road a cryin' low I'll walk so fast you'll
never know
I'm cryin' and dyin'
Before one teardrop hits the ground I'll be halfway across this
town and gone

Perhaps in time the hurt will heal if I just walk away
I love you so I hate to go but there's no other way
So I'll just hit the road...
Before one teardrop hits the ground I'll be halfway across this
town and gone
