

Bad Bad Dream

Buck Owens

Somehow I'm not gettin' through to you for you don't treat me like you used to do
I see a far away look in your eyes and I'm afraid that we're saying goodbye
I had a bad bad dream last night I dreamed that someone else was holding you tight
Another's arms were holdin' you another's lips were kissin' you
I had a bad bad dream last night

Oh I don't hardly know you anymore for you don't act the same as before
Hold me close and whisper I love you and that my bad bad dream won't come true
I had a bad bad dream last night...
