

Blues For Life

Buck Owens

Well I just got over one case of the blues now I've got another
one that I can't lose
The pain of bein' lonely cuts like a knife looks like I'm gonna
have the blues for life
Yeah the sun comes up and the sun goes down
The mean old blues will keep on comin' around
Looks like they're movin' right in to stay I'm gonna be with 'e
m till my dyin' day
Well I'm up in the creek and I got no orr blues keep comin' rou
nd more and more
Don't know how it feels but it's been nice not to have to worry
bout the blues for life

Well the guy next door really got it made stays every day layin
' in the shade
Got no troubles nor brief nor strife never has to worry bout th
e blues for life
Yeah the sun comes up.
