

Devil Like Me (needs An Angel Like You)

Buck Owens

Well, a devil like me needs an angel like you
To really tame me down
'Cause if this devil had an angel like you
I'd stop my runnin' around

I'd stay at home like a good man should
And never ever make you blue
'Cause a devil like me needs an angel like you
You bet your little hearty do

Well, I never been one for steady girls
I've always played the field
This warning, that warning, ever other which one
Was just another spinnin' wheel

But when you've walked in with your big green eyes
And your pretty little dress of blue
I knew a devil like me needs an angel like you
You bet your little hearty do

Well, if a devil me had an angel like you
I'd change my reputation
But a devil like me with a shady hairs
Ain't got no recommendation

I give you real love true love, a whole lotta sweet love
And I make your every dream come true
Yes, a devil like me needs an angel like you
You bet your little hearty do
Well, a devil like me needs an angel like you
