

Getting Used To Loving You

Buck Owens

Getting used to loving you won't be easy
For the last love I had was untrue
So go slow please go slow won't you darling

While I'm gettin' used to loving you
Getting used to loving you
Getting used to loving you
While I'm getting used to loving you

Getting used to kissing you won't be easy
For the last lips I kissed made me blue
So be sure please be sure you don't hurt me

While I'm gettin' used to loving you
Getting used to loving you...
