

# Heart of Glass

Buck Owens

Oh, heart of glass  
I keep mending you  
Every time  
She breaks you in two.

How many more  
Heartaches now  
Must she put us through  
Until she stops breaking you.

Oh, heart of glass  
I hear she's back in town  
I know it won't be long  
Until she'll be around.

Picking up again  
The pieces of the past  
Oh, tell her no  
Walk away heart of glass

Don't let her break you again  
Heart of glass...
