

## Long Hot Summer

**Buck Owens**

It's gonna be a long hot summer there's not a cloud in the sky  
Weatherman says fair and warmer is that a tear in my eye  
It's gonna be a long cold winter just hope to God I don't freeze  
It's gonna be a bad year for the roses and a long hot summer's  
for me

Well you say that you're leavin' and that you ain't comin' back  
And the way things're looking I don't doubt it not one a little  
bit  
But what I am you made me and that's all I'll ever be  
And if you don't change your mind about leavin'  
It's gonna be a long hot summer for me  
It's gonna be a long cold winter...
