

# My Everlasting Love

Buck Owens

It's deeper than the ocean and higher than the sky  
Longer than the highways that we travel by  
Truer than the stars that shine in the sky my everlastin' love  
for you will never die  
Well it's sweeter than the flowers that bloom in the spring  
Prettier than water in a mountain stream  
Brighter than the sun that shines on high my everlastin' love f  
or you will never die  
If you would listen to the reason you would know I'm not a teas  
in'  
You'll know what I say is true  
You'll know I'm not a fakin' when I say my heart's a breakin'  
With love I have for you  
Well it's deeper than the ocean...  
[ steel - fiddle ]  
If you would listen to the reason...  
Well it's deeper than the ocean...
