

Nobody's Fool But Yours

Buck Owens

They say for everybody there is a fool
And that's the way it's always been
Between me and you
Anytime you're ready you treat me like a friend
Cause you know that I'm just
Following up to take you back again
Yes I'm nobody's fool nobody's fool
Nobody's fool but yours
And although you do me wrong
I'll still tag along
'Cause I'm nobody's fool but yours

You falsely accused me of doing you wrong
That's just an excuse you used to string me along
A toy you play with and when you are through
You throw me away and find somebody new
But I'm nobody's fool
