

Song and Dance

Buck Owens

Song and dance song and dance you're gettin' tired of your new
romance
You're back now beggin' for another chance singin' that same ol
d song and dance
Well you bought a ticket and you caught a train
You waved at me through the window pane
But you'll be back and it won't be long and you'll be singin' t
hat same old song
Song and dance

Well you said you's gonna make you some brand new plans
And that you's gonna find you a brand new man
That's the same ol' song that I've heard before
And that's the same ol' dance on the same ol' floor
Song and dance
You're back now beggin' for another chance singin' that same ol
d song and dance
