

Then Maybe I Can Get Some Sleep

Buck Owens

Gotta find out who's a callin' you when it ain't me a callin'
Gotta put a stop to your stallin' then maybe I can get some sleep
Gonna engage Dick Tracy I might retain Perry Mason
To investigate this situation then maybe I can get some sleep
(Gonna have to teach you a lesson on how to recognize love's bl
essin'
Till then I'll just have to keep me guessin' and you'll never e
ver get no sleep)
Has someone been a stealing my sugar has someone been a singing
my song
Has there been a hand in the cookie jar has someone been a eati
n' my honeycomb
Gonna get you down to the courthouse I'm sick and tired of bein
' a man-mouse
I'll get us a licence to keep house then maybe I can get some s
leep
Has someone been a stealing...
We'll get us a licence to keep house then maybe we can get some
sleep
(Honey honey you're not tired are ye
Honey wake up oh anymore all ye ever do is sleep oh well)
