

# This Old Heart

**Buck Owens**

This old heart has been around  
it's been up and it's been down

It's been walked on all over town  
but it still looks for love to come around

It's got memories of the past  
of love affairs that didn't last

It's been stood up by every girl in town  
but it still looks for love to come around

Are you the next one to come along  
to give it hope and then do it wrong

Or will it be true love that last  
and wipe out all the tears from the past

Well this old heart...

Oh yes it still looks for love to come around
