

This Old Heart

Buck Owens

This old heart has been around
it's been up and it's been down

It's been walked on all over town
but it still looks for love to come around

It's got memories of the past
of love affairs that didn't last

It's been stood up by every girl in town
but it still looks for love to come around

Are you the next one to come along
to give it hope and then do it wrong

Or will it be true love that last
and wipe out all the tears from the past

Well this old heart...

Oh yes it still looks for love to come around
