

Tired Of Living

Buck Owens

Well I'm tired of livin' and I'm scared of dyin'
I can't get ahead and there's no use a tryin'
Things would better change and I ain't a lyin' somethin' better
happen pretty soon

Yeah the people workin' around and everyday are gettin' promoti
on and raisin' pay
But I keep a workin' the same old way and somethin' better happ
en pretty soon
Yeah the man next door owns a forty room shack
Rides around ever day in a big Cadillac
But I'm still walkin' that's a fact seems somethin' better happ
en pretty soon
Well I'm tired of livin'...

Well everybody's got a girl to call his own but I keep on a liv
in' all alone
Like a king without a throne somethin' better happen pretty soo
n
Well my brother Bill he's a never broke he have worked so lick
and that ain't no joke
If things don't change I'm afraid I'll croak somethin' better h
appen pretty soon
Yeah I'm tired of livin'...
