

# Togetherness

**Buck Owens**

When a lonely boy meets a lonely girl  
that's togetheress

Before I met you  
my whole world was blue  
that's loneliness

But love conquers all  
makes big trouble small  
and evens up the score

Togetherness makes loneliness  
walk right out the door

(See a new mother's smile  
when she holds her first child)  
that's togetheress

(But break them apart  
and you'll break a heart)  
that's loneliness

(So please stay by me  
and we'll never be unhappy anymore)

Togetherness makes loneliness  
walk right out the door

Togetherness makes loneliness  
walk right out the door
