

Dreamin' of You

Buckcherry

Dreaming of your face, you're all mine,
Keep sending through the space and time.
I have so much faith, it's our time,
There's so much out there to embrace.

You can never turn away when you fly so high
But you might as well stay, there's no limit to the sky.
And you're always telling me you're not afraid of change,
Now it's our time to shine, it's our time.

Dreaming of you,
Dreaming of you,
Dreaming of you,
Dreaming of you.

Dreaming of our place, it's sublime,
It pulls you in and fills your eyes.
What else can I say with our minds?
There's nothing we cannot create.

When the feeling's gone and you can't go on,
Just remember one thing, that won't last long.
Believe in yourself and stand up tall,
It's our time to shine, it's our time.

Dreaming of you,
Dreaming of you,
Dreaming of you,
Dreaming of you.

You can never turn away when you fly so high
And you might as well stay, there's no limit to the sky.
Believe in yourself and stand up tall,
It's our time to shine, it's our time.

Dreaming of you,
Dreaming of you,
Dreaming of you,
Dreaming of you.
