

Next 2 You

Buckcherry

Alright.

Oh!

Coming to you honey on the east side runnin' and I ain't got time to waste.

Jump into the car in the back seat lovin' but you're keeping me on the chase.

I've been trying all night long, I put up with your favorite songs all night.

Tempted by your tainted love, I surely like for you to come inside my crystal ball, what can I do?

Is it true what they say you won't give it away?

And I don't know what to do to get next to you, next to you.

Every night, every day you just push me away.

Tell me what should I do to get next to you, next to you?

I've been trying all night long and I wanna get next to you.

I wrote about you baby in this song 'cause I wanna get next to you.

Next to you!

Better than koolaid sweet my buttercup, baby's got a pretty face.

I got to have it, it's another bad habit and I hope I'm not here too late.

I've been trying all night long, I put up with your favorite songs all night.

Tempted by your tainted love, I surely like for you to come inside my crystal ball, what can I do?

Is it true what they say you won't give it away?

And I don't know what to do to get next to you, next to you.

Every night, every day you just push me away.

Tell me what should I do to get next to you, next to you?

I've been trying all night long 'cause I wanna get next to you

I wrote about you baby in this song and I wanna get next to you

Next to you!

Next to you!

Come on!

Spent my money, teasing me honey, what should I do?

When you gonna show me, I think you owe me, come on baby, see it through.

A-a-a!

Next to you!

Next to you!

Next to you!

Is it true what they say you won't give it away?

And I don't know what to do to get next to you, next to you

Every night, every day you just push me away.

Tell me what should I do, what should I do, what should I do to get next to you, next to you, next to you?

I've been trying all night long 'cause I gotta get next to you.
