

# Seven Ways to Die

Buckcherry

Never give up,  
If I give up gonna have a lifetime filled with pain.  
Trust in my God, keep my mouth shot,  
Even start a fire, never feel the flame.  
It's tearing me down, are you mad now,  
Give me a liquor, cause I am in pain.  
Stay in the cage, stop the change,  
Feeling the desire I will never change.

All the things that fill your mind  
Stay alive until you die,  
Seven sins to fill your time,  
Stay alive.

Keep it all inside,  
Make me realize  
I'm closing in on seven sins  
In seven ways to die.  
Deep inside my mind  
Is where the secret lies  
I'm closing in on seven sins  
On seven ways to die,  
Seven ways to die.

On the ground, keep my head down  
Telling me with nothing when there's nothing to see.  
Calling your bro, miss the handcuffs,  
Couldn't find a motherfucker wash to me  
Stare in my face, see a head case,  
Spelling out tremor with a capital T  
Pick up the phone, make it well-known,  
Gotta drop the line for falling far from the tree.

All the things, I feel you're mine  
Stay alive until you die.  
Seven sins to fill your time,  
Stay alive.

Keep it all inside,  
Make me realize  
I'm closing in on seven sins  
In seven ways to die.  
Deep inside my mind  
Is where the secret lies  
I'm closing in on seven sins  
On seven ways to die,  
Seven ways to die.

When gets harder,  
I can last longer,  
If it don't kill me  
I will get stronger.  
When it gets harder  
I can last longer.  
If it don't kill me  
I will get stronger, stronger, stronger.

All the things, I feel you're mine  
Stay alive until you die.  
Seven sins to fill your time,  
Stay alive.

Keep it all inside,  
Make me realize  
I'm closing in on seven sins  
In seven ways to die.  
Deep inside my mind  
Is where the secret lies  
I'm closing in on seven sins  
On seven ways to die,  
Seven ways to die.
