

Kiss Me Quick

Buddy Guy

The clock is ticking
Time is tight
Let's get walking partner
Why incite a riot
Kiss me quick
Now's our chance to be alone
You're so fine
We ain't got much time
Kiss me quick

All in the kitchen
Up against the wall
Anyway you want me
We got no time to stall
Kiss me quick
Now's our chance to be alone
You're so fine
We ain't got much time
Kiss me quick

Just gotta do it
I know we can make something hot
Time is running out
I know we ain't got time to talk
Kiss me quick
Now's our chance to be alone
You're so fine
We ain't got much time
Kiss me quick
